No to ConDem cuts in Camden!

Launch meeting

Camden United Against the Cuts

10 Jan 2011, 7pm, Council Chamber, Town Hall,
Judd Street, WC1 ● Speaker: Frank Dobson MP

- £90m off Camden Council services
- £170m off school buildings
- £230m off housing
- Housing benefit cut
- Student fees trebled

The Con-Dem Coalition is intent on forcing local councils to implement the most severe spending cuts in living memory.

Con-Dem cuts will slash nearly £90 million from the Council's funds over the next three years.

Housing benefit caps could result in the eviction of hundreds of households from the borough, while other policy changes will push rents to 80 percent of market rates in Housing Association properties.

The cuts and other Con-Dem measures will hit the poorest hard, changing Camden's make-up and tearing the heart out of the borough.

We have to stand together to resist this attack. Say NO to a Camden gutted by cuts. Say YES to a Camden United Against the Cuts. Come along to the launch meeting.
