

# EMERGENCY PAY PROTEST

## Where is the STRB Report?

With only a week to go before the end of term teachers have not been told what pay rise they will be getting in September.

Damian Hinds has had the STRB report for over eight weeks but has still not published it.

Schools need to know what is in the report so they can plan their budgets.

The STRB has previously recommended that a “significant increase” will be needed to address problems in recruitment and retention of teachers.

**We need to know - come to this emergency protest to tell Damian Hinds:**

- **Release the STRB Report**
- **Pay teachers 5%**
- **Fully fund the increase**
